ITALY DECIDES TO CALL TROOPS

To Be Prepared for Emergencies at Home and Abroad.

WARSHIPS SAIL FOR TRIPOLI

Government Still Hopes to Effect Amicable Settlement With Turkey Whereby a Lease of Tripoli Will Be Procured—Report Says Turks Have Captured Italian Liner Regina Margherita at Mersina.

Rome, Sept. 25.—The Italian government is moving rapidly and with determination in the matter of an Italian protectorate over Tripoli. Its plans are no longer concealed and its attitude is favored by all classes except the advanced section of the Socialists, who threaten to call a general strike in the event of hostilities.

Although not attaching much importance to the strike the government is acting with the greatest prudence in every way and has decided to call to the colors 112,000 reservists so as to be prepared for all emergencies both at home and abroad.

It is reported that an Italian squadron consisting of the battleships Napoli and Roma, the armored cruisers Pisa, Amalfi, Giuseppe Garibaldi, Varese and Francesco Ferruccio and two flotillas of destroyers and torpedo boats left Syracuse for Tripoli.

The warships carried no troops and it is understood will confine their action for the present to watching the coasts. They will interfere only in the event of an outbreak on the part of Turkey.

Hopes for Amicable Settlement. According to the information in official circles the government still hopes to effect an amicable arrangement with Turkey whereby Italy will procure a lease of Tripoli, under the sovereignty of Turkey, paying the referee and annual settlement of Africa.

Paris, Sept. 25.—In a published interview the Turkish charge at Paris declares he has no knowledge that negotiations have been opened by Italy on the subject of Tripoli. He did not see how such negotiations would be possible. Tripoli could neither be taken from Turkey by force nor bought.

Italy's initiative in Tripoli has awakened intense interest here as introducing a new and very important factor in the African question by reopening the Mediterranean problem on another point, and there is no doubt that Europe is on the eve of a complete rendal. If Turkey definitely refuses to meet this proposal, Italy will proceed with military measures.

Prepared to Meet Any Move. The government is prepared to meet any aggressive measure on the part of Turkey, such as attacks upon the lives and property of Italian subjects in Turkey, in which case, it is understood, a naval demonstration will be made before Smyrna immediately.

The Turkish forces in Tripoli are estimated at a minimum of 30,000. Against these Italy will send her whole fleet and expeditionary force of 60,000 men.

Constantinople, Sept. 25.—Rumors that the Italian troops have disembarked at various points in Tripoli caused some alarm here. The Italian liner Romania, bound from Constantinople, on arrival in the Dardanelles was boarded by the Italian vice consul, who ordered the captain to land his passengers within half an hour. The Romania sailed for Italy without landing the mails.

The porte has instructed the Turkish ambassador at Rome to ask the Italian government for an explanation of the movements of Italian steamers.

Port Said, Sept. 25.—It is reported Turks have captured the Italian liner Regina Margherita at Mersina. This steamer is one of the fleet of the Navigazione Generale Italiana of Genoa.

Paris, Sept. 25.—A dispatch to the Temps from Rome gives unconfirmed rumors that Italian forces have landed at three points on the coast of Tripoli.

London, Sept. 25.—No information has been received here of the reported seizure of the Italian steamer Regina Margherita by the Turkish authorities or of the landing of Italian troops in Tripoli. The situation, however, is regarded as very serious.

Sets New World's Record. Montreal, Sept. 25.—A world's record by Matt McGrath in throwing the fifty-six-pound weight for distance was the feature of the annual meeting of the Amateur Athletic union of Canada here at McGrath, in three out of six throws, beat the old world's record, made by Planagan at Jamestown four years ago. The new record stands at 40 feet 6 1/2 inches. The old record was 38 feet 8 inches. McGrath's two other throws beating the old mark were 40 feet 5 1/2 inches and 38 feet 11 inches.

Twin City Express in Crash. Ashburn, Mo., Sept. 25.—Burlington passenger train No. 43, from St. Louis, and the southbound Twin City express, from St. Paul, collided head on near here. Both engines and one passenger car were partially telescoped. The passengers were shaken up.

TOBACCO TRUST REPORT IS MADE

Overcapitalized \$148,000,000 on Good Will.

IN PROCESS OF DISSOLUTION

Investigator for Department of Commerce and Labor Shows Power of Concentrated Capital to Control and Boost Prices and Possibility of Those on Inside to Take Large Part of Profits at Expense of the Less Informed.

Washington, Sept. 25.—Estimating the overcapitalization of the American Tobacco company on its good will at more than \$148,000,000, pointing out the power of concentrated capital to control prices and boost profit and the possibility of these on the "inside" in the business taking the larger part of the profits to the loss of the less informed stockholders, the report of Herbert Knox Smith of the department of commerce and labor has been made public.

The tobacco trust is now in process of dissolution by order of the supreme court of the United States because it was a combination in restraint of trade, in violation of the Sherman anti-trust law. The report was sent to the president. It was the second part of a report on the tobacco industry, and deals with the earnings, capitalization and investment of the great tobacco combination.

Overvaluation \$148,000,000. "The combination's capitalization (exclusive of intercompany holdings) is much greater than its actual investment," says the report. "The difference lies in the value attributed to 'good will.' The tangible assets (plant and working capital) have usually been entered on its books at approximately their true values.

"But the 'good will' in its domestic business alone stood on the books in 1908 at, roughly, \$148,000,000, whereas the bureau, after careful analysis, has computed its actual cost (not present value) at \$64,000,000, or 35 per cent of the entire investment. In this allowance of \$64,000,000 the bureau clearly recognizes the great value of 'good will' (chiefly brand value) in the tobacco industry. Over and above this, however, at almost every important step in the examination of the combination there have been issued against that good will great blocks of new securities, representing nothing but overvaluation or capitalization of monopolistic power."

PROBE NOT YET SANCTIONED

Examination of Primary Election of Senator Stephenson Doubtful.

Milwaukee, Sept. 25.—Not until the full committee meets will it be decided whether the primary election of Senator Stephenson in which he spent \$107,000 will be investigated by the United States senate, according to Senator Heyburn, who has returned to Milwaukee to complete final arrangements.

To be prepared to go into this feature the Idaho chairman will this week re-read the testimony given before the legislature two years ago with that special object in view, so as to familiarize himself with the scope of the testimony each witness may give if called upon.

More than 300 witnesses have been subpoenaed and at least half a dozen will be examined each day, according to present plans. One of the first will probably be John H. Puelicher, Senator Stephenson's banker, who during the legislative investigation left for Europe for his health.

Earthquake Shakes Ecuador.

Guayaquil, Ecuador, Sept. 25.—Four heavy earthquakes did serious damage at Riobamba, the capital of Chimborazo province, which lies eighty-nine miles from Guayaquil. The shocks continued throughout the day, but with diminishing intensity. At the first shock, which occurred very early in the morning, a great panic prevailed among the people. Many buildings were badly shaken and several of them collapsed. The occupants of most of the houses fled to the streets, where they have since remained.

Home Rule Demonstration.

Belfast, Ireland, Sept. 25.—Ulster Unionists to the estimated number of 100,000 assembled for an anti-home rule demonstration. There was a big procession through the streets, followed by speeches by Sir Edward M. Carson, member of parliament for Dublin university, and other Unionists.

ADVOCATES REAL FREE TRADE

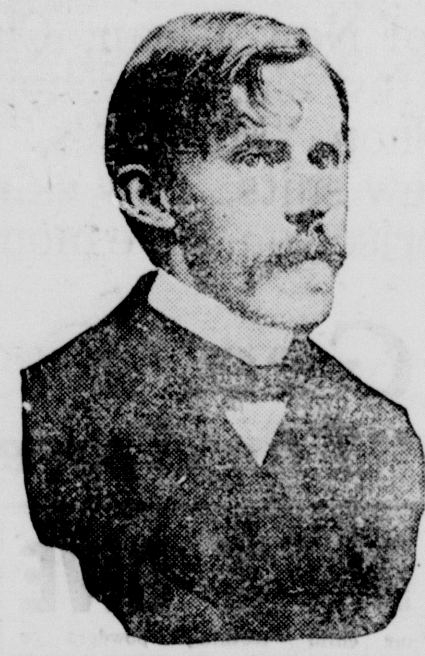

Michigan Governor Says Reciprocity Should Be Complete.

Sault Ste. Marie, Mich., Sept. 25.—Commenting on the Canadian election, Governor Osborne said: "All further reciprocal negotiations with Canada should include complete free trade between the Dominion and the United States. Anything short of this is not ideal reciprocity."

Ohio Cow Has Record. Columbus, O., Sept. 25.—The dairy department of the Ohio state university has been notified that another world's record had been broken by an Ohio cow. A cow owned by Daniel Dimmick of East Claridon completed a seven-day record by producing 182 pounds of butter.

CHARLES B. LOOMIS.

Famous Humorist Overtaken by Death After Long Illness.

FAMOUS HUMORIST IS DEAD

Charles Battell Loomis Succumbs to Cancer of Stomach.

Hartford, Conn., Sept. 25.—Charles Battell Loomis, famous humorist, author and lecturer, is dead at the Hartford hospital. Death was due to cancer of the stomach. The end was peaceful.

Mr. Loomis was taken ill last December, and subsequently underwent four operations. During the summer he was able to be about and wrote several short stories, the last of three Irish fairy stories being finished a few days before he left his summer home at Torrington to come to the hospital in this city.

TARIFF IS NOT MOST IMPORTANT PROBLEM

Is Opinion of Representative Lindbergh of Minnesota.

Sauk Center, Minn., Sept. 25.—Representative C. A. Lindbergh of the Sixth district has given out the following statement in regard to the next session of congress to some of the papers in his district:

"The next session of congress will be interesting as well as important. The tariff is not the most important problem, but politicians seem to boost it as such. We need, and ought to have, important tariff revision, but the president's position now on the tariff, if he holds to it, will make revision slow. The wool schedule, and possibly one other, will likely be revised at the next session, but that is about all, unless the tariff board works faster than it has thus far.

"The president errs when he places the tariff board between the people and congress. By the law the house is required to originate tariff bills. Congress creates the tariff board to obtain information for the public, for congress and the president, and not to act as a buffer between the people and their direct servants.

"The people demand a closer control of their officials, but the action of the president in putting the tariff board between the voters and their elected servants is going away from instead of coming toward a popular form of government."

PACT WILL BE RATIFIED SOON

First Part of Moroccan Agreement Awaits German Minister's O. K.

Paris, Sept. 25.—While the Franco-German agreement on Morocco cannot be definitely regarded as an accomplished fact until it is known how Herr von Kiderlin-Waechter, the German minister of foreign affairs, receives the newly revised French text, no doubt is entertained the first part of the differences will be quickly ended by a complete understanding without further exchange of notes.

The second part of the negotiations, which concern the Congo, will be commenced very shortly. During the progress of the negotiations, France and Germany will take all necessary steps to procure the adhesion of the powers in the new situation in Morocco resulting from the agreement. This task is not likely to present special difficulties, except in the case of Spain. The coolness which exists between France and Spain over the Moroccan policies somewhat complicates affairs, but French opinion declines to admit that the two Latin sisters will remain embroiled and believes that the good sense of Spain will soon lead her to realize that her interests will best be served by facilitating the mission of France in Morocco.

Baby Girl Poisons Brother.

Benton Harbor, Mich., Sept. 25.—Left alone by her mother, three-year-old Thelma Davis found a package of corrosive sublimate tablets and then when her little seven-months-old brother cried she fed him the poison. The child died within a few minutes. "Gave baby meddy and now he asleep," lisped the girl to her mother when she returned.

Ohio Cow Has Record.

Columbus, O., Sept. 25.—The dairy department of the Ohio state university has been notified that another world's record had been broken by an Ohio cow. A cow owned by Daniel Dimmick of East Claridon completed a seven-day record by producing 182 pounds of butter.

CONGRESS WOULD CONTROL DIVORCE

Constitutional Amendment Is Necessary First.

CAN'T REGULATE THE STATES

Congressman Norris of Nebraska Wants National Convention Called to Consider the Question—Upper House of Canadian Parliament Controls Divorces in the Dominion.

By ARTHUR W. DUNN. Washington, Sept. 25.—[Special.]—Marriage and divorce have long been a subject which has been brought to the attention of congress in one form or another, and from what has been said and measures proposed it would be a sad day for couples who are mismatched and disagree if congress could legislate on the subject.

Until there is a constitutional amendment congress cannot so legislate. The next best thing that congress can do is to make speeches urging uniform divorce and marriage laws. That is simply agitation.

Probably more attention was drawn to the subject by a speech and resolution of Congressman Norris, who gained a great reputation as a leading Nebraska insurgent. He has gone so far as to propose that a national convention shall be held in the hall of the house of representatives, called by the president, and its expenses, to the amount of \$200,000, be defrayed by the government, for the purpose of instituting uniform marriage and divorce laws. Yet no one has provided any method by which Nevada and other states could be made to change their divorce laws even if a national convention declared for such a change.

Divorce in Canada.

Should Victor Berger and a few others succeed in abolishing the United States senate I put in a plea that it or a semblance of it be retained to handle divorce cases. In Canada they have an upper house, composed of life members, but its chief function is to pass upon divorces. No one in the Dominion of Canada can get a divorce without the consent of the upper house of the Canadian parliament.

Like the Fourth Dimension. Greater than determining the quantity of the fourth dimension is the effort to find out how much the Philippines have cost the United States. Men with a taste for abstract and unfathomable mathematical problems will find amusement in the subject. No one can estimate it.

Who is going to separate the Spanish war cost from the Philippines? How much should be ascribed to the navy and how much to the army? Then there was the Boxer expedition, when troops of the Philippines were used. Hawaii is also a part of the problem, and I have not mentioned a single figure yet.

When it comes to figures, the best experts in the government cannot get within a couple of hundred millions of each other, and yet there are many resolutions introduced in congress asking for this information.

Camping on the Trail.

Congressman Stanley of Kentucky has not allowed anything to get away from him in his pursuit of the steel trust. He has been camping on the trail of that big corporation and will renew the investigation by his committee early in the fall. He expects to get well started before the regular session begins.

La Follette a Worker.

The advocates of a summer or fall vacation have not yet convinced Senator La Follette of the necessity of taking a rest. Every other man in the senate has taken or planned a vacation except the indefatigable Wisconsin senator. He has remained right here in Washington, working almost as hard as he does when congress is in session. Instead of attending the sessions of the senate, however, he continues to dictate his autobiography.

May Be Settled.

There is a possibility that the contest over the election of a president pro tem of the senate will be settled by the determination of Senator Gallinger to have his name withdrawn, although he was nominated by the Republican caucus. The New Hampshire senator lost much interest in the senate when his son was so suddenly killed last summer. His friends then had hard work to prevent him from announcing his determination not to remain longer in public life.

Senator Gallinger is an excellent presiding officer and would be acceptable on that score. The insurgents object to him on account of his ultra stand-patist. If there is no compromise Vice President Sherman would be obliged to stay in Washington all the time the senate is in session, as the deadlock makes it impossible to do business without him.

Encouraging Trade.

If foreign trade is not promoted it will not be the fault of the bureau of manufacturers and the bureau of statistics in the department of commerce of labor. These two bureaus are giving the manufacturers in this country all possible information regarding foreign trade. Much of their work is being duplicated, but in a less effective way in the department of state, where foreign trade as well as diplomacy is receiving attention.

Moses on Beards.

"Thou shalt not mar the corners of thy beard" was the injunction of Moses to the children of Israel.

GOVERNOR HAY.

Washington Executive Says Sanborn Decision Must Be Reversed.

SANBORN RULING MUST BE REVERSED

Governor Hay of Washington Says It Is a Menace.

St. Paul, Sept. 25.—"Judge Sanborn's rate case decision must be reversed. I do not know how business is to continue unless his ruling is reversed," declared Governor M. C. Hay of Washington, who arrived in St. Paul en route West from the congress of governors held in New Jersey last week.

Governor Hay said that at the gathering of state executives at Lake City opinion was practically unanimous that the ruling of Judge Walter R. Sanborn affecting the rate case should be reversed and the only governor attending the conference who voted against the Aldrich resolution to go before the supreme court changed his decision within twenty-four hours after voting against the adoption of the resolution.

The Washington executive said that Governors Harmon, Hadley and Aldrich probably would act as a committee to appear as "friends of the court" before the United States supreme court and ask a reversal of the rate decision. He did not know how soon such action would be taken, but it would be shortly.

Speaking of the effect of the recall system as it applies to Seattle and other cities in Washington Governor Hay said that it was working excellently.

KANSANS HONOR PRESIDENT

Both Factions of His Party Join to Welcome Taft.

Baldwin, Kan., Sept. 25.—Warring Republican factions of Kansas buried the hatchet and walked side by side to pay honor to President Taft. Governor Stubbs, who generally is conceded to belong to the progressive faction, welcomed Mr. Taft with the hope that the state, without regard to church or party or faction, would extend the most royal reception ever given a president of the United States.

Republican State Chairman Dolley, who holds office in the state under Governor Stubbs, and Republican National Committeeman Mulvane united in telling Mr. Taft that the Kansas delegation to the next Republican national convention would be solidly for him and United States Senators Curtis and Bristow, one a regular, the other a progressive, rode side by side in the tonneau of the same automobile over Kansas countryside and sat on the same platform to pay honor to the chief executive.

FIND GIRL ASSAILANT'S BODY

Man Who Tries to Commit Murder Ends Life Near La Crosse.

La Crosse, Wis., Sept. 25.—Ed Robbinette, the half Indian and half negro, who about two months ago attempted to murder Miss Sylvia Price, daughter of the keeper of the Carrell and McMillan country estate between this city and West Salem and who escaped after shooting himself, was found dead within 600 yards of the house where the shooting took place.

The body was badly decomposed. Robbinette had evidently fallen as he ran from the farmyard after the shooting. A high growth of weeds which covered the spot at the time is believed to account for failure of the officers to find the body before. The body was found by the father of the girl, who has recovered from her wounds.

Scottish Rite at Capital.

Washington, Sept. 25.—The fall reunion of the Ancient and Accepted Scottish Rite of Free Masonry of the Southern Jurisdiction of the United States will be held here this week. Many prominent Masons from all sections of the South will attend.

Car Overturns; Many Hurt.

Atlanta, Ga., Sept. 25.—Twenty-six persons were injured, four probably fatally, here when a street car crowded with churchgoers ran through a switch and was overturned.

HAYRACK PARTY ENDS FATALLY

CENTENARIAN ATTENDS FAIR

Also Many Over Eighty-one See Exhibits at Northfield, Minn.

Northfield, Minn., Sept. 25.—Officials of the Rice county fair believe that one attendance record for the whole state was broken when Joseph Stowe, who lives on a farm near Dundas, came in to see the exhibits. Mr. Stowe was born on April 14, 1811, and is more than 100 years old. Another man, ninety-one years old, another ninety, five men more than eighty-one years old and one woman whose age is eighty-five, attended the fair.

This information was obtained by a firm of furniture dealers, who offered a cane as a prize to the oldest person attending the fair.

Mr. Stowe, the winner, was born in Halifax, Vt. He has lived in Minnesota more than half of his life. He built the first house in Northfield. He is now living with a son, John Stowe, on a farm near Dundas.

Thirteen Killed in Collision With Train at Neenah, Wis.

MANY MIRACULOUSLY ESCAPE

Company of Young People Returning From Celebration of Wedding Anniversary Collide With Fast Train With Disastrous Results—Track Obscured by Billboards and Train Not Sighted Until Too Late.

Neenah, Wis., Sept. 25.—Sixteen deaths will probably result from the crash of a mile-a-minute Chicago and Northwestern passenger train at Neenah into a party of thirty-one young persons loaded upon a hayrack.

A big billboard along the railway tracks obscured the view from the locomotive as well as from the wagon. Dust and fog did the rest.

Twelve persons on the hayrack were killed

ITALY DECIDES TO CALL TROOPS

To Be Prepared for Emergencies at Home and Abroad.

WARSHIPS SAIL FOR TRIPOLI

Government Still Hopes to Effect Amicable Settlement With Turkey Whereby a Lease of Tripoli Will Be Procured—Report Says Turks Have Captured Italian Liner Regina Margherita at Mersina.

Rome, Sept. 25.—The Italian government is moving rapidly and with determination in the matter of an Italian protectorate over Tripoli. Its plans are no longer concealed and its attitude is favored by all classes except the advanced section of the Socialists, who threaten to call a general strike in the event of hostilities. Although not attaching much importance to the strike the government is acting with the greatest prudence in every way and has decided to call to the colors 112,000 reservists so as to be prepared for all emergencies both at home and abroad.

It is reported that an Italian squadron consisting of the battleships Napoli and Roma, the armored cruisers Pisa, Ansaldo, Giuseppe Garibaldi, Varese and Francesco Ferruccio and two flotillas of destroyers and torpedo boats left Syracuse for Tripoli. The warships carried no troops and it is understood will confine their action for the present to watching the coasts. They will interfere only in the event of an outbreak on the part of Turkey.

Hopes for Amicable Settlement.

According to the information in official circles the government still hopes to effect an amicable arrangement with Turkey whereby Italy will procure a lease of Tripoli, under the sovereignty of Turkey, paying the fee and annual settlement of Africa.

Paris, Sept. 25.—In a published interview the Turkish charge at Paris declares he has no knowledge that negotiations have been opened by Italy on the subject of Tripoli. He did not see how such negotiations would be possible. Tripoli could neither be taken from Turkey by force nor bought.

Italy's initiative in Tripoli has awakened intense interest here as introducing a new and very important factor in the African question by reopening the Mediterranean problem on another point, and there is no doubt that Europe is on the eve of a complete reversal. If Turkey definitely refuses to meet this proposal, Italy will proceed with military measures.

Prepared to Meet Any Move.

The government is prepared to meet any aggressive measure on the part of Turkey, such as attacks upon the lives and property of Italian subjects in Turkey, in which case, it is understood, a naval demonstration will be made before Smyrna immediately.

The Turkish forces in Tripoli are estimated at a minimum of 30,000. Against these Italy will send her whole fleet and expeditionary force of 60,000 men.

Constantinople, Sept. 25.—Rumors that the Italian troops have disembarked at various points in Tripoli caused some alarm here. The Italian liner Romania, bound from Constantinople, on arrival in the Dardanelles was boarded by the Italian vice consul, who ordered the captain to land his passengers within half an hour. The Romania sailed for Italy without landing the mails.

The porte has instructed the Turkish ambassador at Rome to ask the Italian government for an explanation of the movements of Italian steamers.

Port Said, Sept. 25.—It is reported Turks have captured the Italian liner Regina Margherita at Mersina. This steamer is one of the fleet of the Navigazione Generale Italiana of Genoa.

Paris, Sept. 25.—A dispatch to the Temps from Rome gives unconfirmed rumors that Italian forces have landed at three points on the coast of Tripoli.

London, Sept. 25.—No information has been received here of the reported seizure of the Italian steamer Regina Margherita by the Turkish authorities or of the landing of Italian troops in Tripoli. The situation, however, is regarded as very serious.

Sets New World's Record.

Montreal, Sept. 25.—A world's record for a fifty-six-pound weight for distance was the feature of the annual meeting of the Amateur Athletic union of Canada here. McGrath, in three out of six trials, beat the old world's record, made by Flanagan at Jamestown four years ago. The new record stands at 40 feet 6 1/2 inches. The old record was 35 feet 8 inches. McGrath's two other throws beating the old mark were 40 feet 5 1/2 inches and 38 feet 11 inches.

Twin City Express in Crash.

Ashburn, Mo., Sept. 25.—Burlington passenger train No. 43, from St. Louis, and the southbound Twin City express, from St. Paul, collided head on near here. Both engines and one baggage car were partially telescoped. The passengers were shaken up.

TOBACCO TRUST REPORT IS MADE

Overcapitalized \$148,000,000 on Good Will.

IN PROCESS OF DISSOLUTION

Investigator for Department of Commerce and Labor Shows Power of Concentrated Capital to Control and Boost Prices and Possibility of Those on Inside to Take Large Part of Profits at Expense of the Less Informed.

Washington, Sept. 25.—Estimating the overcapitalization of the American Tobacco company on its good will at more than \$148,000,000, pointing out the power of concentrated capital to control prices and boost profit and the possibility of these on the "inside" in the business taking the larger part of the profits to the loss of the less informed stockholders, the report of Herbert Knox Smith of the department of commerce and labor has been made public.

The tobacco trust is now in process of dissolution by order of the supreme court of the United States because it was a combination in restraint of trade, in violation of the Sherman anti-trust law. The report was sent to the president. It was the second part of a report on the tobacco industry, and deals with the earnings, capitalization and investment of the great tobacco combination.

Overvaluation \$148,000,000.

"The combination's capitalization (exclusive of intercompany holdings) is much greater than its actual investment," says the report. "The difference lies in the value attributed to 'good will.' The tangible assets (plant and working capital) have usually been entered on its books at approximately their true valuations. "But the 'good will' in its domestic business alone stood on the books in 1908 at, roughly, \$148,000,000, whereas the bureau, after careful analysis, has computed its actual cost (not present value) at \$64,000,000, or 35 per cent of the entire investment. In this allowance of \$64,000,000 the bureau clearly recognizes the great value of 'good will' (chiefly brand value) in the tobacco industry. Over and above this, however, at almost every important step in the examination of the combination there have been issued against that good will great blocks of new securities, representing nothing but overvaluation or capitalization of monopolistic power."

PROBE NOT YET SANCTIONED

Examination of Primary Election of Senator Stephenson Doubtful.

Milwaukee, Sept. 25.—Not until the full committee meets will it be decided whether the primary election of Senator Stephenson in which he spent \$107,000 will be investigated by the United States senate, according to Senator Heyburn, who has returned to Milwaukee to complete final arrangements.

To be prepared to go into this feature the Idaho chairman from this week re-read the testimony given before the legislature two years ago with that special object in view, so as to familiarize himself with the scope of the testimony each witness may give if called upon.

More than 300 witnesses have been subpoenaed and at least half a dozen will be examined each day, according to present plans. One of the first will probably be John H. Puelicher, Senator Stephenson's banker, who during the legislative investigation left for Europe for his health.

Earthquake Shakes Ecuador.

Guayaquil, Ecuador, Sept. 25.—Four heavy earthquakes did serious damage at Riobamba, the capital of Chimborazo province, which lies eighty-nine miles from Guayaquil. The shocks continued throughout the day, but with diminishing intensity. At the first shock, which occurred very early in the morning, a great panic prevailed among the people. Many buildings were badly shaken and several of them collapsed. The occupants of most of the houses fled to the streets, where they have since remained.

Home Rule Demonstration.

Belfast, Ireland, Sept. 25.—Ulster Unionists to the estimated number of 100,000 assembled for an anti-home rule demonstration. There was a big procession through the streets, followed by speeches by Sir Edward M. Carson, member of parliament for Dublin university, and other Unionists.

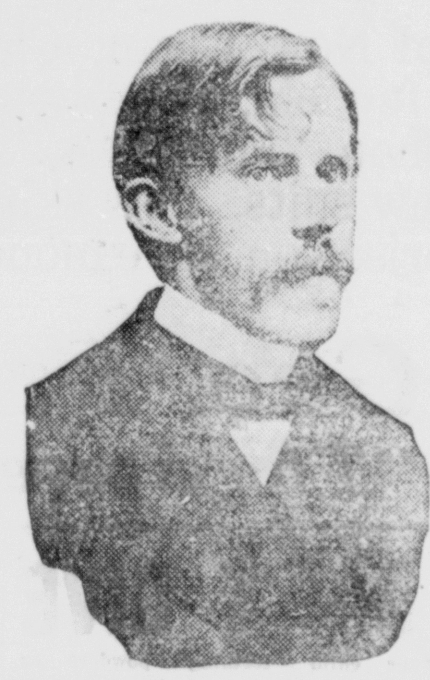

ADVOCATES REAL FREE TRADE

Sault Ste. Marie, Mich., Sept. 25.—Commenting on the Canadian election, Governor Osborne said: "All further reciprocal negotiations with Canada should include complete free trade between the Dominion and the United States. Anything short of this is not ideal reciprocity."

Michigan Governor Says Reciprocity Should Be Complete.

Sault Ste. Marie, Mich., Sept. 25.—Commenting on the Canadian election, Governor Osborne said: "All further reciprocal negotiations with Canada should include complete free trade between the Dominion and the United States. Anything short of this is not ideal reciprocity."

CHARLES B. LOOMIS.
Famous Humorist Overtaken by Death After Long Illness.

FAMOUS HUMORIST IS DEAD

Charles Battell Loomis Succumbs to Cancer of Stomach.

Hartford, Conn., Sept. 25.—Charles Battell Loomis, famous humorist, author and lecturer, is dead at the Hartford hospital. Death was due to cancer of the stomach. The end was peaceful.

Mr. Loomis was taken ill last December, and subsequently underwent four operations. During the summer he was able to be about and wrote several short stories, the last of three Irish fairy stories being finished a few days before he left his summer home at Torrington to come to the hospital in this city.

TARIFF IS NOT MOST IMPORTANT PROBLEM

Is Opinion of Representative Lindbergh of Minnesota.

Sauk Center, Minn., Sept. 25.—Representative C. A. Lindbergh of the Sixth district has given out the following statement in regard to the next session of congress to some of the papers in his district:

"The next session of congress will be interesting as well as important. The tariff is not the most important problem, but politicians seem to boost it as such. We need, and ought to have, important tariff revision, but the president's position now on the tariff, if he holds to it, will make revision slow. The wool schedule, and possibly one other, will likely be revised at the next session, but that is about all, unless the tariff board works faster than it has thus far.

"The president errs when he places the tariff board between the people and congress. By the law the house is required to originate tariff bills. Congress creates the tariff board to obtain information for the public, for congress and the president, and not to act as a buffer between the people and their direct servants.

"The people demand a closer control of their officials, but the action of the president in putting the tariff board between the voters and their elected servants is going away from instead of coming toward a popular form of government."

PACT WILL BE RATIFIED SOON

First Part of Moroccan Agreement Awaits German Minister's O. K.

Paris, Sept. 25.—While the Franco-German agreement on Morocco cannot be definitely regarded as an accomplished fact until it is known how Herr von Kiderlin-Waechter, the German minister of foreign affairs, receives the newly revised French text, no doubt is entertained the first part of the differences will be quickly ended by a complete understanding without further exchange of notes.

The second part of the negotiations, which concern the Congo, will be commenced very shortly. During the progress of the negotiations, France and Germany will take all necessary steps to procure the adhesion of the powers in the new situation in Morocco resulting from the agreement. This task is not likely to present special difficulties, except in the case of Spain. The coolness which exists between France and Spain over the Moroccan policies somewhat complicates affairs, but French opinion declines to admit that the two Latin sisters will remain embroiled and believes that the good sense of Spain will soon lead her to realize that her interests will best be served by facilitating the mission of France in Morocco.

Baby Girl Poisons Brother.

Benton Harbor, Mich., Sept. 25.—Left alone by her mother, three-year-old Thelma Davis found a package of corrosive sublimate tablets and then when her little seven-months-old brother cried she fed him the poison. The child died within a few minutes. "Gave baby meddy and now he asleep," lisped the girl to her mother who she returned.

Ohio Cow Has Record.

Columbus, O., Sept. 25.—The dairy department of the Ohio state university has been notified that another world's record had been broken by an Ohio cow. A cow owned by Daniel Dimmick of East Claridon completed a seven-day record by producing 182 pounds of butter.

CONGRESS WOULD CONTROL DIVORCE

Constitutional Amendment Is Necessary First.

CAN'T REGULATE THE STATES

Congressman Norris of Nebraska Wants National Convention Called to Consider the Question—Upper House of Canadian Parliament Controls Divorces in the Dominion.

By ARTHUR W. DUNN.

Washington, Sept. 25.—[Special.]—Marriage and divorce have long been a subject which has been brought to the attention of congress in one form or another, and from what has been said and measures proposed it would be a sad day for couples who are mismatched and disagree if congress could legislate on the subject.

Until there is a constitutional amendment congress cannot so legislate. The next best thing that congress can do is to make speeches urging uniform divorce and marriage laws. That is simply agitation.

Probably more attention was drawn to the subject by a speech and resolution of Congressman Norris, who gained a great reputation as a leading Nebraska insurgent. He has gone so far as to propose that a national convention shall be held in the hall of the house of representatives, called by the president, and its expenses, to the amount of \$200,000, be defrayed by the government, for the purpose of instituting uniform marriage and divorce laws. Yet no one has provided any method by which Nevada and other states could be made to change their divorce laws even if a national convention declared for such a change.

Divorce in Canada.

Should Victor Berger and a few others succeed in abolishing the United States senate I put in a plea that it or a semblance of it be retained to handle divorce cases. In Canada they have an upper house, composed of life members, but its chief function is to pass upon divorces. No one in the Dominion of Canada can get a divorce without the consent of the upper house of the Canadian parliament.

Like the Fourth Dimension.

Greater than determining the quantity of the fourth dimension is the effort to find out how much the Philippines have cost the United States. Men with a taste for abstract and unfathomable mathematical problems will find amusement in the subject. No one can estimate it.

Who is going to separate the Spanish war cost from the Philippines? How much should be ascribed to the navy and how much to the army? Then there was the Boxer expedition, when troops of the Philippines were used. Hawaii is also a part of the problem, and I have not mentioned a single figure yet.

When it comes to figures, the best experts in the government cannot get within a couple of hundred millions of each other, and yet there are many resolutions introduced in congress asking for this information.

Camping on the Trail.

Congressman Stanley of Kentucky has not allowed anything to get away from him in his pursuit of the steel trust. He has been camping on the trail of that big corporation and will renew the investigation by his committee early in the fall. He expects to get well started before the regular session begins.

La Follette a Worker.

The advocates of a summer or fall vacation have not yet convinced Senator La Follette of the necessity of taking a rest. Every other man in the senate has taken or planned a vacation except the indefatigable Wisconsin senator. He has remained right here in Washington, working almost as hard as he does when congress is in session. Instead of attending the sessions of the senate, however, he continues to dictate his autobiography.

May Be Settled.

There is a possibility that the contest over the election of a president pro tem of the senate will be settled by the determination of Senator Gallinger to have his name withdrawn, although he was nominated by the Republican caucus. The New Hampshire senator lost much interest in the senate when his son was so suddenly killed last summer. His friends then had hard work to prevent him from announcing his determination not to remain longer in public life.

Senator Gallinger is an excellent presiding officer and would be acceptable on that score. The insurgents object to him on account of his ultra stand-patism. If there is no compromise Vice President Sherman would be obliged to stay in Washington all the time the senate is in session, as the deadlock makes it impossible to do business without him.

Encouraging Trade.

If foreign trade is not promoted it will not be the fault of the bureau of manufacturers and the bureau of statistics in the department of commerce of labor. These two bureaus are giving the manufacturers in this country all possible information regarding foreign trade. Much of their work is being duplicated, but in a less effective way in the department of state, where foreign trade as well as diplomacy is receiving attention.

Moses on Beards.

"Thou shalt not mar the corners of thy beard" was the injunction of Moses to the children of Israel.

GOVERNOR HAY.

Washington Executive Says Sanborn Decision Must Be Reversed.

SANBORN RULING MUST BE REVERSED

Governor Hay of Washington Says It Is a Menace.

St. Paul, Sept. 25.—"Judge Sanborn's rate case decision must be reversed. I do not know how business is to continue unless his ruling is reversed," declared Governor M. C. Hay of Washington, who arrived in St. Paul en route West from the congress of governors held in New Jersey last week.

Governor Hay said that at the gathering of state executives at Lake City opinion was practically unanimous that the ruling of Judge Walter R. Sanborn affecting the rate case should be reversed and the only governor attending the conference who voted against the Aldrich resolution to go before the supreme court changed his decision within twenty-four hours after voting against the adoption of the resolution.

The Washington executive said that Governors Harmon, Hadley and Aldrich probably would act as a committee to appear as "friends of the court" before the United States supreme court and ask a reversal of the rate decision. He did not know how soon such action would be taken, but it would be shortly.

Speaking of the effect of the recall system as it applies to Seattle and other cities in Washington Governor Hay said that it was working excellently.

KANSANS HONOR PRESIDENT

Both Factions of His Party Join to Welcome Taft.

Baldwin, Kan., Sept. 25.—Warring Republican factions of Kansas buried the hatchet and walked side by side to pay honor to President Taft. Governor Stubbs, who generally is conceded to belong to the progressive faction, welcomed Mr. Taft with the hope that the state, without regard to church or party or faction, would extend the most royal reception ever given a president of the United States.

Republican State Chairman Dolley, who holds office in the state under Governor Stubbs, and Republican National Committeeman Mulvane united in telling Mr. Taft that the Kansas delegation to the next Republican national convention would be solidly for him and United States Senators Curtis and Bristow, one a regular, the other a progressive, rode side by side in the tonneau of the same automobile over Kansas countryside and sat on the same platform to pay honor to the chief executive.

FIND GIRL ASSAILANT'S BODY

Man Who Tries to Commit Murder Ends Life Near La Crosse.

La Crosse, Wis., Sept. 25.—Ed Robinette, the half Indian and half negro, who about two months ago attempted to murder Miss Sylvia Price, daughter of the keeper of the Carrell and McMillan country estate between this city and West Salem and who escaped after shooting himself, was found dead within 600 yards of the house where the shooting took place.

The body was badly decomposed. Robinette had evidently fallen as he ran from the farmyard after the shooting. A high growth of weeds which covered the spot at the time is believed to account for failure of the officers to find the body before. The body was found by the father of the girl, who has recovered from her wounds.

Scottish Rite at Capital.

Washington, Sept. 25.—The fall reunion of the Ancient and Accepted Scottish Rite of Free Masonry of the United States will be held here this week. Many prominent Masons from all sections of the South will attend.

Car Overtakes; Many Hurt.

Atlanta, Ga., Sept. 25.—Twenty-six persons were injured, four probably fatally, here when a street car crowded with churchgoers ran through a switch and was overturned.

HAYRACK PARTY ENDS FATALLY

CENTENARIAN ATTENDS FAIR

Also Many Over Eighty-one See Exhibits at Northfield, Minn.

Northfield, Minn., Sept. 25.—Officials of the Rice county fair believe that one attendance record for the whole state was broken when Joseph Stowe, who lives on a farm near Dundas, came in to see the exhibits. Mr. Stowe was born on April 14, 1811, and is more than 100 years old. Another man, ninety-one years old, another ninety, five men more than eighty-one years old and one woman whose age is eighty-five, attended the fair.

This information was obtained by a firm of furniture dealers, who offered a cane as a prize to the oldest person attending the fair.

Mr. Stowe, the winner, was born in Halifax, Vt. He has lived in Minnesota more than half of his life. He built the first house in Northfield. He is now living with a son, John Stowe, on a farm near Dundas.

NEWS IN SUNDAY'S PAPERS

Agricultural department forecasts high prices for foodstuffs this winter owing to corn, potato, sugar and hay shortages.

Trial of Dr. Dumas at Bemidji postponed until Wednesday in order to secure jurors from remote parts of Beltrami county.

Frank B. Kellogg mentioned as possible chairman of Republican national committee in 1912 campaign.

Russia has surplus of sugar, but it cannot be admitted to the United States because of the tariff law.

Progressive Republicans to hold conference in Chicago Oct. 16 to oppose renomination of President Taft.

A Stationary Growler.

"Well, how are you making it now?" "Still in the low grounds." "Why don't you climb higher?" "High climbing makes my head swim." "Well, then, get a move on you." "Oh, no! I never move until the rent is due!"—Atlanta Constitution.

Thirteen Killed in Collision With Train at Neenah, Wis.

MANY MIRACULOUSLY ESCAPE

Company of Young People Returning From Celebration of Wedding Anniversary Collide With Fast Train With Disastrous Results—Track Obscured by Billboards and Train Not Sighted Until Too Late.

Neenah, Wis., Sept. 25.—Sixteen deaths will probably result from the crash of a mile-a-minute Chicago and Northwestern passenger train at Neenah into a party of thirty-one young persons loaded upon a hayrack.

A big billboard along the railway tracks obscured the view from the locomotive as well as from the wagon. Dust and fog did the rest.

Twelve persons on the hayrack were killed instantly, one has died since, and three out of eight others injured are believed to be fatally hurt. Nine of the thirty-one persons on the wagon escaped without a scratch, and so did both horses. Nobody on the train suffered except from the jar.

The collision occurred at 3:40 a. m. Train No. 121, northbound, whirled through the wagon load of people at an angle or 45 degrees. This peculiarity was owing to the fact that the highway crossing is a dangerous one.

Were Returning From Celebration.

The victims were returning from the Peter Hanson farm, where they had gone to attend the celebration of a wedding anniversary. All but two, who were from Chicago, were residents of Menasha.

The dead are: John Dhill, Chicago; James Cheslock, Gustave Finn, Mabel Finn, John Hart, Steven Lisek, Dominick Ommieschinski, Mabel Renz, John Schedick, Joseph Slenyo, Frank Sigard and Isabelle Suchowski.

Armless, legless and headless bodies covered the right of way as the train of nine coaches was brought to a stop 800 feet from the scene.

Several of the bodies were mutilated so badly that identification was possible only by fragments of clothing. Six bodies were found on the engine pilot, where they lay until removed by the train crew and passengers. Two of the persons killed were hurled through a flagman's shanty with such force as to overturn the little structure. One of the bodies was that of Miss Finn, who was projected through one of the side walls of the house and was still alive when removed. She died a few hours later. Another of the victims killed was thrown over a barn fifty feet from the sight of way.

Many Miraculously Escapes.

Among the occupants of the hayrack who escaped were Mr. and Mrs. Joseph Brinzinski and their child, aged two years. They were seated in the front half of the rack, the mother holding the child on her lap.

Peter Hanson, driver and owner of the horses attached to the ill fated rig, managed to hang to the reins and was the only person on the rack who was not temporarily stunned by the collision. He declares he made every effort to look in both directions along the track, but did not observe the on-rushing train until his team had reached the track. He whipped up the horses, but managed to get the wagon only half way across.

Practically every person on the wagon was an employee of the Menasha Woodware company and all were invited to the Hanson farm to attend the wedding anniversary of one of their fellow employees. Mr. Hanson had conveyed the merry-makers to his farm in the early evening and was taking them back home.

A coroner's jury was impaneled as soon as possible, but adjournment was taken to give the district attorney and others an opportunity to interview witnesses. The bodies were removed to the Menasha morgue

FIRST STATE AID TO COMMON SCHOOLS

Northern Minn. Counties Receive
Money Under Warner Bill Based
on Acreage of State Land

CROW WING CO'S PORTION \$486.30
Fifty Thousand Dollars Appropriated
for this Purpose Gives an Average
of 3 Cents an Acre

For the first time in the history of the state, money from the general revenue fund is being sent out to aid common schools, as provided by the Warner bill passed at the last session of the legislature. Fifty thousand dollars was appropriated to help those districts where there are great tracts of state land, untaxable and where settlers have been unable to maintain adequate schools for their children.

Complaint has been made for years that in the sparsely settled districts, land owners were contributing regularly to the state school and road funds, getting no returns and in many cases having no schools at all to which they might send their children. To help these settlers, Representative C. W. Warner of Aitkin, introduced the measure appropriating \$50,000. Provision was made that the sum awarded to each school district should not exceed the sum of five cents to each acre of state land, and that not more than \$250 should be paid to any one district. The law further provides that no part of this appropriation shall be used for the purchase of a site or the erection of school buildings.

When the money was appropriated however, it was learned that \$50,000 was not enough to pay the limit authorized by law—five cents an acre, so it was necessary to make a reduction. Accordingly the districts will receive sums computed at the rate of three cents an acre, but in no case more than \$150. St. Louis county common schools will get \$11,085.17, the highest award to any. Koochiching is second with \$9,300.

Kanabec get the least, \$16.80. The other northern counties will get amounts as follows:

Aitkin county, \$2,833.69; Carlton county, \$300.30; Crow Wing county, \$486.30; Hubbard county, \$809.49; Itasca county, \$8,715.75; Lake county, \$2,470.80; Mahanomen county, \$46.20; Mille Lacs county, \$29.85; Pine county, \$94.80; Polk county, \$39.85; St. Louis county, \$11,085.17.

\$100 Reward \$100
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address F. J. Cheney & Co., Toledo, O. Sold by all Druggists. Take Hall's Family Pills for constipation.

If you want to rent a gun at King's you must sign up before Saturday night to get the pick of the guns. 87tf

Price, 75c., sold by druggists everywhere.

MUSIC AND DRAMA

"The White Sister"

The three greatest and most successful church or religious plays of the past twenty years are "The Christian," "The Rosary" and "The White Sister" and of the three the largest individual money maker is Viola Allen's latest success, "The White Sister" in which Miss Jeanne Towler is announced to appear at the Brainerd opera house next Saturday evening, Sept. 30. Although "The White Sister" has a religious setting and uplifting theme it is not essentially a religious play but partakes more of the nature and spirit of the romantic. It is that fact that sustains its popularity with the general public. It is a human story with flesh and blood characters showing the same strength and weaknesses that all human nature is subject to. The scenes are laid in Italy and the actors in the story are Italians, but it could be laid just as well in America with an American hero and heroine. The prototypes of the characters are moving amongst us every day and often the same problem that presented itself to the "White Sister" has presented itself to an American girl.

Miss Towler will have the same advantages of scenic production and special music that was given Viola Allen by Liebler & Co.

"The Store of Quality"

FIRST STATE AID TO COMMON SCHOOLS

Northern Minn. Counties Receive
Money Under Warner Bill Based
on Acreage of State Land

CROW WING CO'S PORTION \$486.30

Fifty Thousand Dollars Appropriated
for this Purpose Gives an Average
of 3 Cents an Acre

For the first time in the history of the state, money from the general revenue fund is being sent out to aid common schools, as provided by the Warner bill passed at the last session of the legislature. Fifty thousand dollars was appropriated to help those districts where there are great tracts of state land, untaxable and where settlers have been unable to maintain adequate schools for their children.

Complaint has been made for years that in the sparsely settled districts, land owners were contributing regularly to the state school and road funds, getting no returns and in many cases having no schools at all to which they might send their children. To help these settlers, Representative C. W. Warner of Aitkin, introduced the measure appropriating \$50,000. Provision was made that the sum awarded to each school district should not exceed the sum of five cents to each acre of state land, and that not more than \$250 should be paid to any one district. The law further provides that no part of this appropriation shall be used for the purchase of a site or the erection of school buildings.

When the money was appropriated however, it was learned that \$50,000 was not enough to pay the limit authorized by law—five cents an acre, so it was necessary to make a reduction. Accordingly the districts will receive sums computed at the rate of three cents an acre, but in no case more than \$150. St. Louis county common schools will get \$11,085.17, the highest award to any. Koochiching is second with \$9,300.

Kanabec get the least, \$16.80. The other northern counties will get amounts as follows:

Aitkin county, \$2,833.69; Carlton county, \$300.30; Crow Wing county, \$486.30; Hubbard county, \$809.49; Itasca county, \$8,715.75; Lake county, \$2,470.80; Mahanomen county, \$46.20; Mille Lacs county, \$29.85; Pine county, \$94.80; Polk county, \$39.85; St. Louis county, \$11,085.17.

\$100 Reward \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

HIGH SCHOOL O, ALL STARS O

A Tie Game is Played by These Football Eleven on Saturday Afternoon at Koering Field

WEATHER IS UNFAVORABLE

High Schools Would Have Scored Two Touchdowns by Alderman Had Crowd Not Blocked Him

The football season was ushered in Saturday when the High school team and the All Stars met on Koering field, the game ending in a tie, 0 to 0. Neither side was unable to cross the opponents' goal line. The weather was anything but favorable and a small crowd turned out. All during the game the spectators kept crowding on the field, making it very difficult to play end runs or forward passes.

On two occasions just before the end of the first quarter Alderman pushed the ends of the All Stars as the High school had them within several yards of the goal line and if Alderman had not collided with a bunch of spectators he would have scored. This point of the game looked the most dangerous for the All Stars.

The All Stars were much heavier than the school team, having such old timers as Frank Little, Ox Mahood, Perry Barron and other giants in their lineup.

The High school team was light at fast and showed the result of hard practice. The school team had expended much on the forward pass, but on account of the crowd could not work it with any marked success. Several times the High schools were within the shadow of the goal but could not cross the line.

Leslie Bush and Sig Sheffield, of the All Stars, made long runs. Barron punted the ball half way down the field and several times had to be pulled out from under to have his shoulders straightened out and his arm thrown back into joint. Erickson ran down the field like a flash of light and the game throughout was happy and exciting.

Alderman was the shining light of the High school team playing in his usual faultless manner. Day played a great defensive game. The High school will play Royalton here next Saturday.

Card of Thanks

We wish to thank our friends and neighbors, B. A. Y. lodge No. 602 of Brainerd and the Yeoman lodge of Ferrisfield, the Brainerd and Fargo telephone exchanges, the Brainerd Dispatch, Undertaker B. F. Wasem, of Fargo and others who were so kind to us in our recent bereavement when we lost our son, Harvey Spencer.

Mr. and Mrs. Fred Spencer, and Family.

Foley's Honey and Tar Compound still retains its high place as the best household remedy for all coughs and colds, either for children or grown persons. Prevents serious results from a cold. Take only the genuine Foley's Honey and Tar Compound and refuse substitutes.

RECEIVES GOOD OFFER

Missoula Baseball Club Wants to Sign Leslie Bush as Pitcher for 1912 in Union League

Leslie Bush, the Brainerd twirler who made such a splendid record this year with the Brainerd City team has received an offer to play with the Missoula, Mont., team and the following letter explains the offer and the league in these western states:

Office of Co. Atty., Missoula, Mont. Sept. 20, 1911.

Mr. Leslie Bush,
Brainerd, Minn.

Dear Sir:

Mr. Charles McCarthy of your city, now visiting in Missoula, spoke of you to the directors of the Missoula Base Ball club as a pitcher who could make good in the Union league and they have asked me to write you with a view of ascertaining if you would care to sign up with the Missoula club for next year.

The Union association is composed of six clubs, Salt Lake City, Boise, Butte, Helena, Great Falls and Missoula with a prospect of having an eighth club league for next year. We would pay \$125 per month and you understand of course that your expenses would be paid while you are on the road.

If you care to consider this proposition write at once and I will send you a contract for signature.

Very truly yours

EDW. C. MULRONEY,

Secretary-Treasurer.

Mr. Bush is considering the offer and may accept the proposition. He has also received an offer from an Iowa team and from Williston, N. D.

NAVAL DISASTER AT TOULON, FRANCE

Special to Dispatch:—

Toulon, France, Sept. 25.—Fire broke out early today in the ammunition hold of the battleship "Liberte" counted one of the finest vessels in the French navy and the explosions which followed wrecked the great ship and killed more than half her crew of 793 officers and men.

The force of the explosion was terrific. They shook the vessel fore and aft, each one seemingly stronger than that preceding. Great fissures opened up in the armor and frame work of the vessel. The ship at once became a mass of fire and smoke and shortly sank to the bottom of the harbor.

Nelson-Ross

Martin Nelson and Miss Mary Lucella Ross were married on Saturday evening at the home of the bride on Oak street, Rev. M. L. Hostager, pastor of the Seventh Street Norwegian Lutheran church officiating. The bride was attended by her friend, Miss Minnie Anderson and Miss Alice Crommel. The groom is an employee of the shops and the bride has been the cook at the Earl hotel.

Their many friends wish them much happiness and prosperity in their wedded life.

SET GOOD ROADS MEETING SEPT. 29

C. M. King, Chairman of Committee of Northern Minnesota Development Assn. Announces

MEETING TO BE IN AITKIN

Route of Moorhead-Duluth Road to Be Completed and Laterals Laid Out—Other Business

The Aitkin meeting of the good roads committee of the Northern Minnesota Development association will be held on Friday, September 29 and the call has been sent out by the secretary of the committee.

This meeting will take action on the route of the Moorhead-Duluth state road from Brainerd to Duluth through the counties of Crow Wing, Aitkin and Carlton and it is incumbent that all interested in this road matter should be in attendance at the Aitkin meeting. Nothing is of more vital interest to a community than good roads and especially one of as much importance and prominence as the trunk line to be laid out under the provisions of the Elwell law.

The communication from John S. Pardee, the secretary of the good roads committee reads as follows:

"By invitation of the board of county commissioners of Aitkin and the Aitkin Commercial club, a conference will be held at Aitkin, Friday, Sept. 29, at 10 A. M. called by Mr. C. M. King, chairman of the good roads committee of the Northern Minnesota Development association.

"The principal business of this meeting will be:

"To complete the route of the Moorhead-Duluth road."

"To perfect the proceedings in regard to the Duluth-St. Vincent road."

"To consider plans for such laterals roads as may be proposed in connection with the main system."

"To further the progress of good roads in northern Minnesota under the Elwell law."

Deerwood, Crosby, Ironton and Cuyuna have become interested in the good roads matter and are reported to be making preparations to attend. It is said many of the large mining interests of the north Cuyuna range will be present in full force.

Colds Must be Taken Care Of

For unless cured they sap the vitality and lower the vital resistance to more serious infection. Protect your children and yourself by the prompt use of Foley's Honey and Tar Compound and note the quick and decisive results. For coughs, colds, croup, whooping cough, bronchitis and affections of the throat, chest and lungs it is an ever ready and valuable remedy.

YOU CAN OWN A FARM

If you pay me Twenty Dollars a month. A beautiful 40-acre tract, 10 acres cleared, balance nice, young timber, good hard wood, 3½ miles to station. Heavy black loam—not sandy. Put part of your wages in this "forty" until you get it paid for then you can move your family on to it and live easy the rest of your life. Good chance for iron ore too.

CROW WING COUNTY FAIR

A Big Program Has Been Arranged for the County Fair at Pequot—Two Baseball Games

In addition to the large number of exhibits mentioned by Gardner Stevens at the Crow Wing county fair at Pequot is the big baseball game for a purse of \$75 to be played by the Emily and Brainerd Rambler teams. These teams played a 4 to 3 game at Pine River and Emily won. The boys of Brainerd want to win this one and so a good game may be expected Friday, Sept. 23.

The Pequot and Cross Lake teams played a 12 inning game at Cross Lake two weeks ago and they will finish their argument on Thursday afternoon.

Many people of Brainerd are making it a point to spend one or several days at the fair and a large attendance is expected. The weather also promises to be good, thus assisting to draw a large crowd.

CLAIMED BY TYPHOID

Nels Berglund, Car Repairer of Shops, Died at N. P. Hospital on Sunday Morning

Nels Berglund, aged 33 years, an old and respected resident of the south side, passed away at the Northern Pacific sanatorium on Sunday morning at ten o'clock. He had been ill a week with typhoid fever and the end came suddenly.

For nine years he has been employed as a car repairer at the Northern Pacific railway shops. He was a member of the Modern Brotherhood of America and also belonged to the North Star society, a sick benefit society. He leaves a wife and a baby 19 months old. A brother, John Berglund and a sister, Mrs. Arthur Finne, live in Brainerd and three other sisters in the old country and North Dakota.

The funeral will be held on Wednesday afternoon at two o'clock from the residence, 501 South Ninth street and at 2:30 from the Swedish Lutheran church where Rev. M. L. Hostager will officiate at the services. Interment will be in Evergreen cemetery.

The many friends of the deceased extend their sincere sympathy to the widow.

RESUME BUSINESS TUESDAY

H. F. Michael Store After Being Closed Two Weeks, Inaugurates Great Sale Tomorrow

The H. F. Michael Co. will resume business tomorrow, after being closed for two weeks to adjust the fire loss and to prepare the stock for re-opening.

The store room has been redecorated, all fixtures damaged by the fire have been replaced and the store has the appearance of a new place of business.

A large force of help has been at work for a week to select all damaged merchandise and all this has been prepared for a sale which begins tomorrow morning at 8:30 A. M.

Mr. Michael stated that all this must be closed out at once to make room for the new goods which are coming to replace them and also to enable him to put the store in readiness for the fall trade.

Our Fire Sale

Begins

Tomorrow at 8:30 A. M.

Our Store Hours

To protect our sales people we will observe the following store hours:

8:30 to 11:30 A. M.
12:30 to 5:30 P. M.

WOMEN'S CLUBS AT SAUK CENTER

17th Annual Meeting of Minnesota Federation of Women's Clubs to be Held on

SEPTEMBER 26, 27 AND 28

Mrs. C. M. Patek is the Vice President of the Sixth District Having 16 Women's Clubs

The seventeenth annual meeting of the Minnesota Federation of Women's clubs will be held in Sauk Center September 26, 27 and 28.

The council will meet at 9:30 a. m. Tuesday, and the executive board at 10:30 a. m., in the Congregational church. Tuesday and Thursday the day sessions will be held in the Congregational church and the evening sessions in the opera house. The afternoon sessions will be held at 2 o'clock. On Tuesday there will be an automobile ride to Spring Park, where an informal reception will be given at the cottage of Mrs. W. O. P. Hilsdale. On Wednesday the all-day session will be held at the Home School for Girls, commencing at 9 a. m. Lucheson will be served at 1 o'clock at the Home School.

The hotel will accommodate a large number and private rooms have been offered to entertain delegates. Mrs. E. J. Lewis, Sauk Center, is the chairman of the entertainment committee and delegates are requested to write to her in advance.

Sauk Center women are busy preparing for the reception of the delegates. The present indications are that this will be the most largely attended and most interesting of all the federation meetings. A special car will be attached to the Winnipeg Flyer at St. Paul Monday evening to bring the Twin City delegation.

The Minnesota federation was organized in April 25, 1895, and was admitted to the general federation of women's clubs June 15 of the same year. Its colors are russet and gold. The federation pin, a gold star, bearing in russet the word, "Minnesota," and the monogram, "F. W. C."

Minnesota has the honor of having an officer in the general federation, Mrs. George O. Welch, Fergus Falls, who is recording secretary. The Minnesota federation officers are Mrs. C. G. Higbee, president, St. Paul; vice-president-at-large, Mrs. H. A. Tomlinson, St. Peter; corresponding secretary and treasurer, Mrs. F. B. Barrows Duluth; auditor, Mrs. A. D. Stephens, Crookston; historian, Mrs. H. N. McKusick, Stillwater; custodian, Mrs. E. J. Lewis, Sauk Center; general federation secretary, Mrs. Charles E. Conant, Wells.

The district vice-presidents are: First district, Mrs. C. F. Towne, Albert Lea; second, Mrs. R. H. Ningham, Sleepy Eye; third, Mrs. J. C. Clark, St. Peter; fourth, Mrs. Bjarne Rosing, St. Paul; fifth, Mrs. T. F. Kinney, Minneapolis; sixth, Mrs. C. M. Patek, Brainerd; seventh, Mrs. M. S. Stevens, Graceville; eighth, Mrs. B. L. Hollister, Aitkin; ninth, Mrs. G. S. Chesterton, Crookston.

Mrs. C. M. Patek, the vice president of the sixth district and Mrs. Henry I. Cohen left this afternoon to attend the meeting. On the train was a delegation of ladies from Duluth including Mrs. F. B. Barrows, the corresponding secretary and treasurer of the state organization; Mrs. P. S. DeVosist, Mrs. W. E. Whipple, Mrs. Harriet Carey, Mrs. Ordsen and Mrs. J. M. Barnes.

Mrs. J. A. Thabes, Mrs. W. C. Cobb and Mrs. Irma C. Hartley will leave tomorrow to attend the meeting of the federation.

By mistake the Children's Hour was credited to the Brainerd Musical club when it should have been designated as work done by the library board. The mistake arose because many of the ladies assisting are members of both branches. Mrs. W. H. Gemmell has done much to further the work of the Children's Hour and has been ably assisted by many friends of the movement.

HIGH SCHOOL O, ALL STARS O

Tie Game is Played by These Football Elevens on Saturday Afternoon at Koring Field

WEATHER IS UNFAVORABLE

High Schools Would Have Scored Two Touchdowns by Alderman Had Crowd Not Blocked Him

The football season was ushered in Saturday when the High school team and the All Stars met on Koring field, the game ending in a tie, 3 to 3. Neither side was unable to cross the opponents' goal line. The weather was anything but favorable and a small crowd turned out. All during the game the spectators kept crowding on the field, making it very difficult to play end runs or forward passes.

On two occasions just before the end of the first quarter Alderman blocked the ends of the All Stars as the High school had them within seven yards of the goal line and if Alderman had not collided with a bunch of spectators he would have scored. This point of the game looked the most dangerous for the All Stars.

The All Stars were much heavier than the school team, having such old members as Frank Little, Ox Mahood, Perry Barron and other giants in their lineup.

The High school team was light and fast and showed the result of hard practice. The school team had expended much on the forward pass, but on account of the crowd could not work it with any marked success. Several times the High schools were within the shadow of the goal but could not cross the line.

Leslie Bush and Sig Sheffield, of the All Stars, made long runs. Barron potted the ball half way down the field and several times had to be pulled out from under to have his shoulders straightened out and his arm thrown back into joint. Erickson ran down the field like a flash of light and the game throughout was happy and exciting.

Alderman was the shining light for the High school team playing in his usual faultless manner. Day played a great defensive game. The High school will play Royalton here next Saturday.

Card of Thanks

We wish to thank our friends and neighbors, B. A. Y. Lodge No. 602 of Brainerd and the Yeoman lodge of Merrifield, the Brainerd and Fargo telephone exchanges, the Brainerd Dispatch, Undertaker B. F. Wasem, of Fargo and others who were so kind to us in our recent bereavement when we lost our son, Harvey Spencer.

Mr. and Mrs. Fred Spencer, and Family.

Foley's Honey and Tar Compound still retains its high place as the best household remedy for all coughs and colds, either for children or grown persons. Prevents serious results from a cold. Take only the genuine Foley's Honey and Tar Compound and refuse substitutes.

RECEIVES GOOD OFFER

Missoula Baseball Club Wants to Sign Leslie Bush as Pitcher for 1912 in Union League

Leslie Bush, the Brainerd twirler who made such a splendid record this year with the Brainerd City team has received an offer to play with the Missoula, Mont., team and the following letter explains the offer and the league in these western states:

Office of Co. Atty., Missoula, Mont. Sept. 20, 1911.

Mr. Leslie Bush, Brainerd, Minn.

Dear Sir:

Mr. Charles McCarthy of your city, now visiting in Missoula, spoke of you to the directors of the Missoula Base Ball club as a pitcher who could make good in the Union league and they have asked me to write you with a view of ascertaining if you would care to sign up with the Missoula club for next year.

The Union association is composed of six clubs, Salt Lake City, Boise, Butte, Helena, Great Falls and Missoula with a prospect of having an eight club league for next year. We would pay \$125 per month and you understand of course that your expenses would be paid while you are on the road.

If you care to consider this proposition write at once and I will send you a contract for signature.

Very truly yours
EDW. C. MULRONEY,
Secretary-Treasurer.

Mr. Bush is considering the offer and may accept the proposition. He has also received an offer from an Iowa team and from Williston, N. D.

NAVAL DISASTER AT TOULON, FRANCE

Special to Dispatch:—

Toulon, France, Sept. 25.—Fire broke out early today in the ammunition hold of the battleship "Liberte" counted one of the finest vessels in the French navy and the explosions which followed wrecked the great ship and killed more than half her crew of 793 officers and men.

The force of the explosion was terrific. They shook the vessel fore and aft, each one seemingly stronger than that preceding. Great fissures opened up in the armor and frame work of the vessel. The ship at once became a mass of fire and smoke and shortly sank to the bottom of the harbor.

"Excuse me
I Said—

CALUMET BAKING POWDER"

That's the way to talk when the grocer tries to sell you some other kind. Insist on Calumet and make him give it to you. Then you'll always be sure that there'll be no failure to waste time and materials—that every time you put a baking into the oven it will come out light as down, dainty, pure and uniformly raised.

For Calumet is wonderful in its leavening powers, in its uniformity, in its purity—and best of all in its unfailing results.

For your own satisfaction, test Calumet. Compare it with every other kind in the one test that tells—baking, and see how much better Calumet makes the baking. The test will prove Calumet's superiority most conclusively—and show you, too, how much more economical this wonderful baking powder is.

Received the highest award at World's Pure Food Exposition.

AMERICAN SNUFF CO., 111 Fifth Ave., New York

WISH TO BOND DEERWOOD \$10,000

Council Receives Petition That Village be Bonded That Sum for Improvements

GREAT BAY LAKE APPLES

Deerwood Now Has Resident Catholic Priest—Other News Items of the Vicinity

Deerwood, Minn., Sept. 25.—At the council meeting held on Tuesday evening a petition was addressed to that body asking that the sum of \$10,000 be raised for improvements and that the village be bonded in that amount. The matter was taken under advisement. A tax levy of \$3,000 for the year 1912 was authorized. A street was ordered opened up through blocks 6 and 15. The clerk was ordered to advertise bids for cement walks, some to be laid on the road to Serpent lake. Several bids were allowed.

Some of the finest apples ever seen in Deerwood came in from the Bay Lake district this week. They were large, rosy cheeked specimens, apples as good as ever came out of New York state. A large number were sold in Deerwood, Crosby and Cuyuna.

It is expected to have the Deerwood school finished within 50 days. In the mean time school will be held in temporary quarters. The first year of high school is now being taught.

William Denning was married Wednesday at Cuyuna.

James McCarville has a new heating plant in his residence.

Frank Oberg, of Minneapolis, was in Deerwood this week and brought up a party of friends who toured the range with him.

Deerwood has a resident Catholic priest and services are being held regularly.

H. J. Ernster, the cashier of the First National bank, will occupy the residence vacated by H. J. Kruss.

Carl Neuman, of Minneapolis, and J. A. Stetson, of Duluth, both well known in Deerwood, are said to have formed a mining company to be known as the Cuyuna-Pittsburgh Mining Co. Mr. Stetson has a real estate and mining office in Deerwood and both are well versed on conditions on the range.

Dr. Reiter, of Cloquet, has located in Deerwood for the practice of his profession.

B. Magoffin, Jr., is in Chicago attending to a big mining deal and other extensive investments.

Harry Patterson is reported to be recovering slowly.

The Presbyterian Ladies Aid society met with Mrs. William O. Hall on Wednesday afternoon.

A baby girl arrived at the home of Mr. and Mrs. Abraham Christensen on Wednesday morning.

Charles Johnson, of Superior, a brother of John Crone, and family are visiting Mr. and Mrs. Crone.

"I tell you," said Carl Carlson, "any time you can't get along with the women folks, just leave the house for a couple of days."

Although always complaining of hard times, William Guelker is reported to be making \$50 a day. He has imported a swamper from Greece.

John McManus, while on a recent duck shoot, claims that his barrel passed through the bunch and he missed every one of them. "With a short gun," said McManus, "I would have brought down 50 at one clatter."

Mrs. John H. Hill and Mrs. Primus Kreiter of Duluth, are visiting friends in Deerwood.

Carl Carlson, while on a butter hunt, crawled to the top of a 60 foot tree. Just as he reached for a big handful of a saucy squirrel let out an alarm clock reel of barks and Carlson slid down in a hurry, probably imagining it was a wild cat.

Application for Transfer of Liquor License

To the Council of the City of Brainerd, Minnesota:

The undersigned, Frank Tomlinson and C. Bunker, hereby makes application to transfer his license to sell intoxicating liquors, at upon and in the room and premises described as follows, to-wit: No. 424 Front Street, on the ground floor, in the City of Brainerd, from October 16th, 1911, until May 1st, 1912, to G. V. Thomas, No. 424 Front Street, ground floor.

Dated Sept. 20th, 1911. (Signed) FRANK TOMLINSON, C. BUNKER.

Said applicant has been licensed to sell intoxicating liquors at Tenstrike from January 19th, 1909, to March 4th, 1911. Notice is hereby given that a hearing on the above application will be had on October 16th, 1911, at 8:00 o'clock p. m., at a regular meeting of the City Council of the City of Brainerd.

Dated Sept. 20th, 1911. V. N. RODERICK, City Clerk

ELEVATORS GETS BUSY

W. F. Holst Busy Buying Grain and Ships Car Load of Wheat on Saturday Afternoon

Thanks to the activity of the Commercial club and W. F. Holst the Holst elevator has gotten busy and is running over time taking care of all the wheat rye and oats and other grains being unloaded on the establishment.

A large amount of wheat was cleaned and loaded into cars Saturday and a car of excellent wheat was shipped to the twin cities from the elevator Saturday Mr. Holst furnishes the Dispatch with a list of the cash market prices on grain and the farmers are quick to take advantage of Brainerd as a central point for disposing of their crops.

Large bins have been built to hold the various grains. The machinery of the elevator has been repaired. A roadway built on an incline, has been erected so that it is easy for a farmer to drive up and have his load weighed.

HENRY HORN'S PROMOTION

Former Northern Pacific Ry. Man Slated for General Manager of New Haven Road

Henry J. Horn, formerly general manager of the Northern Pacific railway and well known in the city of Brainerd, is reported to be slated for the position of general manager of the New York, New Haven & Hartford railroad.

Two years ago, Harry Horn was general manager of the Northern Pacific, rising from a draftsman. After graduating from the Boston Institute of Technology he became acting flagman with a surveying crew on the Minneapolis & St. Louis. After leaving the Northern Pacific for about a year he was general manager for C. Gotzian & Co. But he did not like commercial work and resigned.

Charles S. Mellen, formerly president of the Northern Pacific, then took him on the New Haven road as his assistant.

TWO NEW SHAFTS ARE BEING SUNK

The Iron Mountain Mining Co. Has its Shaft Down 50 Feet on the North Range

IS IN A LARGE ORE BODY

Cuyuna-Duluth Co. Strikes Ore—Cuyuna-Mille Lacs Iron Co. Starts its Shaft

The Iron Mountain Mining Co., composed of many Duluth people and with its main offices at 417 Torrey building, is sinking a shaft on its property in the northeast quarter of the northwest quarter of section thirty-three, township forty-seven and range twenty-nine, on the north range of the Cuyuna iron range. It is located north of Portage lake.

The surface is only 63 feet and the shaft is now down close to 50 feet. The ore body is very large, having been marked out by ten drill holes, which shows that the ore deposit is over 600 feet in width.

The Cuyuna-Duluth Iron Company has struck ore on section four township forty-six, range twenty-nine at a depth of 65 feet. The drill is now down to a depth of about 150 feet and still in ore.

The Cuyuna-Mille Lacs Iron Company has awarded the contract for the timber for a shaft 250 feet deep to the Dower Lumber Co., of Crosby, and the services of Capt. J. H. Lanyon, of Duluth, have been secured for the sinking of the shaft and to take entire charge of the work. Mr. Lanyon is one of the most favorably known mining men in the Lake Superior district. He is a man of wide experience and excellent reputation.

"Excuse me I Said-" CALUMET BAKING POWDER"

That's the way to talk when the grocer tries to sell you some other kind. Insist on Calumet and make him give it to you. Then you'll always be sure that there'll be no failure to waste time and materials—that every time you put a baking into the oven it will come out light as down, dainty, pure and uniformly raised.

For Calumet is wonderful in its leavening powers, in its uniformity, in its purity—and best of all in its unfailing results.

For your own satisfaction, test Calumet. Compare it with every other kind in the one test that tells—baking, and see how much better Calumet makes the baking. The test will prove Calumet's superiority most conclusively—and show you, too, how much more economical this wonderful baking powder is.

Received the highest award at World's Pure Food Exposition.

WISH TO BOND DEERWOOD \$10,000

Council Receives Petition That Village be Bonded That Sum for Improvements

GREAT BAY LAKE APPLES

Deerwood Now Has Resident Catholic Priest—Other News Items of the Vicinity

Deerwood, Minn., Sept. 25.—At the council meeting held on Tuesday evening a petition was addressed to that body asking that the sum of \$10,000 be raised for improvements and that the village be bonded in that amount. The matter was taken under advisement. A tax levy of \$3,000 for the year 1912 was authorized. A street was ordered opened up through blocks 6 and 15. The clerk was ordered to advertise bids for cement walks, some to be laid on the road to Serpent lake. Several bids were allowed.

Some of the finest apples ever seen in Deerwood came in from the Bay Lake district this week. They were large, rosy checked specimens, apples as good as ever came out of New York state. A large number were sold in Deerwood, Crosby and Cuyuna.

It is expected to have the Deerwood school finished within 50 days. In the mean time school will be held in temporary quarters. The first year of high school is now being taught.

William Denning was married Wednesday at Cuyuna.

James McCarville has a new heating plant in his residence.

Frank Oberg, of Minneapolis, was in Deerwood this week and brought up a party of friends who toured the range with him.

Deerwood has a resident Catholic priest and services are being held regularly.

H. J. Ernster, the cashier of the First National bank, will occupy the residence vacated by H. J. Kruss.

Carl Neuman, of Minneapolis, and J. A. Stetson, of Duluth, both well known in Deerwood, are said to have formed a mining company to be known as the Cuyuna-Pittsburgh Mining Co. Mr. Stetson has a real estate and mining office in Deerwood and both are well versed on conditions on the range.

Dr. Reiter, of Cloquet, has located in Deerwood for the practice of his profession.

B. Magoffin, Jr., is in Chicago attending to a big mining deal and other extensive investments.

Harry Patterson is reported to be recovering slowly.

The Presbyterian Ladies Aid society met with Mrs. William O. Hall on Wednesday afternoon.

A baby girl arrived at the home of Mr. and Mrs. Abraham Christensen on Wednesday morning.

Charles Johnson, of Superior, a brother of John Crone, and family are visiting Mr. and Mrs. Crone.

"I tell you," said Carl Carlson, "any time you can't get along with the women folks, just leave the house for a couple of days."

Although always complaining of hard times, William Guelker is reported to be making \$50 a day. He has imported a swamper from Greece.

John McManus, while on a recent duck shoot, claims that his barrel passed through the bunch and he missed every one of them. "With a short gun," said McManus, "I would have brought down 50 at one clatter."

Mrs. John H. Hill and Mrs. Primus Kreiter of Duluth, are visiting friends in Deerwood.

Carl Carlson, while on a butter-nut hunt, crawled to the top of a 60 foot tree. Just as he reached for a big handful of a saucy squirrel let out an alarm clock rattle of barks and Carlson slid down in a hurry, probably imagining it was a wild cat.

Articles of Incorporation

Iron Valley Mining Company.

Know All Men By These Presents, That we, the undersigned, do hereby associate ourselves together and agree to form a corporation to be known as the Iron Valley Mining Company, for the purpose of forming a corporation under and by virtue of the provisions of Chapter 10 of the Revised Laws of Minnesota of 1905 and acts amendatory thereof and supplementary thereto.

Article I. The name of this corporation shall be "Iron Valley Mining Company," and the general nature of the business to be carried on by said corporation shall be mining, smelting, reducing, refining and working of ores and other minerals, and the manufacture of iron, steel, copper and other metals.

The place of the principal office or headquarters of said corporation shall be the City of Brainerd, in the County of Crow Wing and state of Minnesota.

Article II. The time of commencement of said corporation shall be September 1, 1911, and the period of its duration shall be thirty years.

Article III. The amount of the capital stock of this corporation shall be one hundred thousand dollars, (\$100,000.00) which shall be divided into ten thousand shares, of the par value of ten dollars (\$10.00) each, and shall be paid for in cash, services or things of value necessary or beneficial to the business for which this corporation is formed, which may be determined by the Board of Directors, and the amount of the stock issued therefor, shall be the highest amount of indebtedness or liability to which this corporation shall at any time be subject in twenty thousand dollars.

Article IV. The names and places of residence of the persons so associating to form this corporation are as follows, to-wit:

W. W. Barron, Brainerd, Minnesota.
L. Knudsen, Brainerd, Minnesota.
R. A. Beise, Brainerd, Minnesota.

Article VI. The management of the corporation shall be vested in a Board of Directors, consisting of not less than three nor more than seven persons, who shall be stockholders of said corporation, and who shall be elected annually at the stockholder's annual meeting, and whose term of office shall be one year and until their successors are elected and qualified to take office.

The annual meeting of the stockholders shall be held on the first Monday in October of each year, and the names and addresses of those who compose the Board of Directors, until the first election are as follows, to-wit:

W. W. Barron, Brainerd, Minnesota.
L. Knudsen, Brainerd, Minnesota.
R. A. Beise, Brainerd, Minnesota.

The stockholders or the Board of Directors may make by-laws, and from time to time either the stockholders or the Board of Directors may alter, amend or repeal any By-laws made either by the Stockholders or the Board of Directors. There shall also be the following officers who shall have such power, and perform such duties, as may be prescribed by the Board of Directors, and who shall be elected annually at the first meeting of said Board immediately following the annual meeting of the Stockholders: a President, a Vice-President, a Secretary and a Treasurer, any two of which offices may be held by the same person, except the first two named. The Board of Directors may create such other officers, with such powers and duties, as to them may seem advisable.

In Witness Whereof, we have hereunto set our hands and seals this 25th day of August, A. D. 1911.

Signed, Sealed and Delivered

A. G. TROMMALD,
Register of Deeds.

TWO NEW SHAFTS ARE BEING SUNK

The Iron Mountain Mining Co. Has its Shaft Down 50 Feet on the North Range

IS IN A LARGE ORE BODY

Cuyuna-Duluth Co. Strikes Ore—Cuyuna-Mille Lacs Iron Co. Starts its Shaft

The Iron Mountain Mining Co., composed of many Duluth people and with its main offices at 417 Torrey building, is sinking a shaft on its property in the northeast quarter of the northwest quarter of section thirty-three, township forty-seven and range twenty-nine, on the north range of the Cuyuna iron range. It is located north of Portage lake.

The surface is only 63 feet and the shaft is now down close to 50 feet. The ore body is very large, having been marked out by ten drill holes, which shows that the ore deposit is over 600 feet in width.

The Cuyuna-Duluth Iron Company has struck ore on section four township forty-six, range twenty-nine at a depth of 65 feet. The drill is now down to a depth of about 150 feet and still in ore.

The Cuyuna-Mille Lacs Iron Company has awarded the contract for the timber for a shaft 250 feet deep to the Dower Lumber Co., of Crosby, and the services of Capt. J. H. Lanyon, of Duluth, have been secured for the sinking of the shaft and to take entire charge of the work. Mr. Lanyon is one of the most favorably known mining men in the Lake Superior district. He is a man of wide experience and excellent reputation.
